**SUMMARY OF THE REASONS FOR DECISION:**

The computer image file entitled *dana401.jpg* is classified as:  
Objectionable.

The computer image file promotes and supports the exploitation of children for sexual purposes. This is because it contains a colour photographic image showing the body of a partially naked pre-pubescent girl who poses so that her bare pubic area is visible, and the purpose of the image is to sexually arouse the viewer. The image encourages the notion that adults can use children for sexual ends, and upholds and strengthens that notion by showing children being exploited.

The provisions of the New Zealand Bill of Rights Act 1990 have been taken into account in determining the classification of this publication, including whether the publication promotes and supports criteria listed in s3(2) of the Films, Videos, and Publications Classification Act 1993.
